Sponsored by Anthem

Healthcare today and tomorrow

Building Relationships

Cost is \$35 before Sep. 30, \$45 after

Hello Everyone,

Thanks to all who participated in the 17th Annual LMC Golf Outing! We had 128 golfers this year, a record number, thanks! We tried a new event this year that was very successful. On hole #12 it was “beat the director”, participants could pick any club in my bag and try to beat me. Silly me, I forgot to take my umbrella out. Yup, I did need to show my skill twice, and I did hit the ball. On behalf of the LMC, I’d like to thank all of our sponsors, which are listed on page 2.

The Labor Management Council of Northeast Wisconsin mission is to promote positive relationships between Labor, Management, Education and the Community. The LMC uses a four piece puzzle, which is seen with our publications. The puzzle has four players; labor, management, education, and community. These players can stand on their own, however, when they are interwoven with similar visions, they build the foundation for our future. We attain this mission through educational programs, seminars with topics of mutual concern, and networking opportunities.

The LMC is continuing to build those relationships' with a seminar in Stevens Point on Oct. 1 and our Annual Fall Conference/Annual Meeting on Oct. 21 in Kaukauna. These venues build relationships which keep our communities strong and build our future. Information for both events are included in the newsletter and available at our website. Please join us and we will “Piece Together Our Future”.

MEMBER'S CORNER**Graphic Packaging International**

Inspired Packaging. A World of Difference.

Graphic Packaging International is a leader in the packaging industry, serving hundreds of the world's most recognized brands. You've probably purchased food, beverage or other consumer products sold in our packaging.

With facilities throughout the world, our focus on customer service has made us one of the world's largest manufacturers of folding cartons, unbleached paperboard, coated recycled board, microwave packaging and machinery.

Locally, Graphic Packaging International - Menasha Plant produces folding cartons. This facility, which opened in 1946 as Marathon has since operated under American Can Company, James River, Fort James and now Graphic Packaging International. The Menasha plant employs 275 employees, which include approximately 32 salaried employees, 190 USW Local-148 members and 53 IBT/GCC Local-77P members.

Our Menasha facility produces over 1.2 billion folding cartons every year that ship all over the world. The majority of our products are used in the food industry so food safety is a very important part of our process. You may be familiar some of the products that use our packaging, which include Oscar Mayer Bacon, ConAgra Marie Calendar Pot Pies, Hormel Compleats, General Mills Fruit Snacks, Hormel Black Label Bacon, and over 1,500 other items.

With safety being the priority, Graphic Packaging International and both Unions strive for a work environment that is safe for all employees, vendors and visitors at the facility. The Company and Union also work together in every way possible to ensure a successful and thriving business which will in turn lead to the success of all employees.

The LMC would like to thank our Sponsors of 17th Annual LMC Golf Outing
